

PERSONAL EXPERIENCES

"I like to meet new people and to learn more about different cultures" Pia

"It's funny" Steven

"It's really interesting to meet people from foreign countries. It was a good time and a great experience to learn more about foreign countries and cultures." Pascal

"It's nice to have people from foreign countries as friends." Jana

"We had a lot of fun. It was a pleasure to meet our Italian friends again. We liked staying with our exchange students/ guests and speaking English in our free time as well as become more self-confident." Vincent and Niclas

"This project was very interesting, because I met new people from other nationalities."

Manon

"I like this project, because I discovered the other traditions and the beautiful persons"

Léa C.

"I like this project, because it's the opportunity to speak English, meet people and discover foreign cultures." Charlotte

"I think Comenius is such a very great project. Comenius makes me more confident, because you meet new people, speak English and make friends. It's very dynamic, we can't bore. We also did interesting things. I was very lucky to participate in the project." Mélissa

"I think Comenius is a wonderful project, because it is a chance to meet many people and even if I don't speak English very well, I've made a lot of progress." Julie

"I think this project is beneficial to speak English and allowed me to meet people from different countries like Germany and Italy. I also discovered different cultures and points of view." Léa B.

"With Comenius projects, we can meet people from different nationalities. It's a very good experience." Celhya

"This experience is very cool, because I met German and Italian people. This is my best experience, I speak better English now and I love it." Estelle

“ This project is an experience that everybody should make. It was nice shopping in Milan”
Lisa

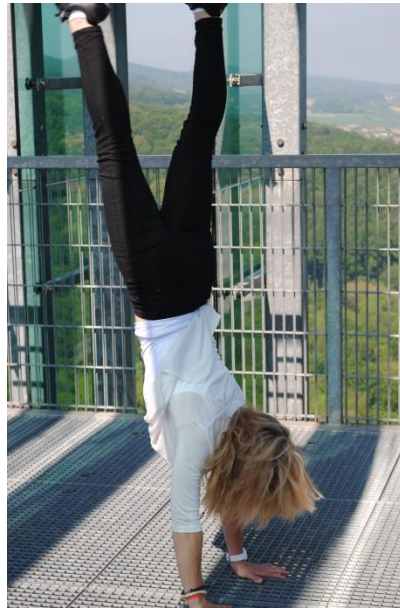

“Thanks to this project, I was able to learn more about new cultures, to keep in touch with young people from other countries. I think it’s a great project and if there is a chance to do it again, I will. Finally I especially want to thank Yasin, my guest in Italy and Lisa my host in Germany: they are two wonderful people and I would love to see them again.” Paolo

“It’s a great project, because it widens our English knowledge and helps to meet new friends.” Rebeka

“We really enjoyed every minute we spent together . It was always a lot of fun!”
Sarah

“It was very enriching because we met people, we spoke English and people were very nice. If I could go again, I would!” Mélissa

“It would have been nice to go to France and see all of the students who came to Italy again! But the most important thing is that I’ve travelled and in fact I am happy to be in Germany :)” Axl

“Comenius is a very nice opportunity to meet new people and thanks to my brother, I knew this project and I am very pleased trying it.”
Francesco

“ It was very funny and it was a big pleasure to meet young people from foreign countries.”
Ella

“We are like an international family. It was a good feeling to meet each other! I really enjoyed practising my English, even if I don’t speak English very well, hahaha!” Axl

“This project was very interesting and beautiful. I know this project thanks to my sister, because she came to Herford last year. She told me it was fantastic so I wanted to try and it was worth it.” Karim

SCHOOLS AND THEIR PEOPLE

SOME BASIC INFORMATION ABOUT THE PARTICIPATING SCHOOLS

Wilhelm- Normann- Berufskolleg in Herford (Germany)

In our school there are students aged 15-25. We have 5 different kinds of courses: agriculture, architecture, food, wood and design. The students can make a school education or a dual apprenticeship, which means that they go to school and work in a company at the same time.

The students can complete different courses, like "Abitur", "Fachabitur" to be allowed further education at university or upgrade their education.

Lycee Ste Cecile in Albi (France)

The students are aged 14 to 21. There are 3 levels of education.

The students can complete "Baccalaureat" in 'Sciences Technologiques Sanitaire et Social' (sciences, technology, health and social studies) which lasts 3 years.

The other level of education is 'Preparateur Infirmier' (a one-year course to prepare the entrance to nurse schools).

The third one is 'Brevet de Technicien Superieur' (Higher National Diploma) which lasts 2 years. The school offers two courses: one in Communication and one in Healthcare.

IIS A. Cesaris in Casalpusterlengo (Italy)

There are students aged 14 to 19. The five different kinds of education are Chemistry, I.T.C., Electronics, Marketing and "Liceo delle Scienze Applicate".

All the students finish school after 5 years. In the 5th year there is a final state exam.

Those who study Marketing, Electronics, Chemistry and I.T.C. can apply for a job, but those who study at "Liceo delle Scienze Applicate" have to attend university.17
